* The University of Alberta does not admit students directly into year one of Bachelor of Commerce. Students are required to complete a pre-professional year of study with a competitive GPA to be considered for admission to year two of this degree program. Students can complete this pre-professional year of study at Northwestern Polytechnic.

** Admission will be granted to a student into the University Transfer Education program if the student presents the requirements as laid out above. However, each major/minor or chosen route (elementary or secondary) will require specific courses completed at high school to complete courses required within the degree. Math 30-1 or Math 30-2 is required for Elementary route students to complete the 6 credits of Math courses required within the program.
