STUDENT RESPONSIBILITIES:

Participation:

Each student is expected to come to class on time. Arriving late is disruptive to the entire class. The expectation for this course is that students have read the material and attempted the exercises and problems we will cover in class. Reading and practicing problems prepares you for classroom activities. Participation marks will be based on the contribution you make in class. Both quantity and quality of your contribution will be considered.

Time Management:

Adopting and adhering to effective learning habits in this course will likely take up a great deal of time so plan your schedule accordingly. It is difficult to catch up once a student falls behind in readings and problems.

Cell Phones:

The use of cell phones during class time is unprofessional and distracting to the instructor and fellow students. Texting during class is therefore strictly prohibited. Cell phones must be either **turned off** or set to *silent* mode.

STATEMENT ON PLAGIARISM AND CHEATING:

Accounting in the real world is often performed in collaborative and team situations. Working in study groups is an efficient and effective way for students to learn, however each student must submit his/her own original work. Plagiarism will not be tolerated and, as such, any submitted work may be investigated for this possibility. Please ensure you read and understand the College's policy on plagiarism as published in the GPRC Calendar. If you have questions on whether or not you might be violating this policy, please discuss this with your instructor **before** you submit your assignment.
