OFFICE: C413 **E-MAIL:** CAntonio@gprc.ab.ca
OFFICE HOURS: Tuesday and Thursday 12:00 – 1:30pm, or by appointment

CALENDAR DESCRIPTION:

The course provides further examination of accounting procedures and their underlying concepts and principles. Additional standards and problems of valuation, income measurement, and disclosure in financial statements are introduced.

PRE-REQUISITE:

BA1110 or equivalent

REQUIRED TEXT/RESOURCE MATERIALS:

Larson, K., Jensen, T., & Dieckmann, H. (2019), *Fundamental Accounting Principles* (16th Canadian ed., Vol. 2). McGraw-Hill Ryerson Limited.
ISBN10: 126030583X | ISBN13: 9781260305838

This text includes the **Connect** online learning system. **The text will be used extensively.** Students will require an appropriate financial calculator. The calculator function of a cell phone is NOT sufficient and is prohibited for classroom use. Students may use only approved calculators for examinations.

DELIVERY MODE(S):

For each topic listed, there will be a classroom lecture/discussion and a demonstration of related accounting procedures. Relevant textbook readings and problems will be assigned to test your knowledge, understanding and application of the course material. This is a 3 credit course with 3 lecture hours and 2 lab hours per week. The allocation is at the instructor's sole discretion, i.e., Friday's will **not** be solely lab time. Connect will be used to supplement your course work, complete assignments and aid in preparation for tests and exams. Important information, announcements and grades will be posted on Moodle. The grades posted on Moodle are not final -- check your GPRC Account for your final term grade.

COURSE OBJECTIVES:

STUDENT RESPONSIBILITIES:**Attendance:**

Students are expected to attend all scheduled classes, arrive on time, and remain for the duration of the activities. Arriving late and leaving early is disruptive to the entire class. Frequent tardiness may be treated as an absence. Students with absences in excess of 6 classes may be refused permission to write the final exam. For more information, please refer to the Academic Regulations on Debarred from Exams at: <https://www.gprc.ab.ca/programs/grading-systems.html>.

Time Management:

The expectation for this course is that students read the material and attempt the quick studies and exercises *prior* to class. Reading and attempting the exercises we will cover in class is an excellent way to prepare for classroom activities. Adopting and adhering to effective learning habits in this course will likely take up a great deal of time so plan your schedule accordingly. It is difficult for students to catch up once they fall behind schedule.

Cell Phones:

The use of cell phones during class time is unprofessional and distracting to the instructor and fellow students. Texting and talking on a cell phone during class is therefore strictly prohibited. ***Cell phones must be turned off or set to silent mode and placed out of sight.***

Recording:

Recording lectures or taking photos in class is prohibited unless advance permission is obtained from the instructor and any guest presenter(s). In the event permission is granted, such recordings may only be used for individual study, and may not be reproduced, transferred, distributed or displayed in any public manner.

Email

Students may contact the instructor by email or phone. Emails will be answered within two *business* days outside of stated office hours. **Email correspondence to your instructor must be sent from your GPRC student email account.** Emails should be professionally formatted and include a subject, correct spelling and grammar, and a reference to course material and/or textbook pages, etc. Emails that do not adhere to this format may not be responded to.

STATEMENT ON PLAGIARISM AND CHEATING:

Cheating and plagiarism will not be tolerated and there will be penalties. For a more precise definition of plagiarism and its consequences, refer to the Student Conduct section of the College Admission Guide at <http://www.gprc.ab.ca/programs/calendar/> or the College Policy on Student Misconduct: Plagiarism and Cheating at <http://www.gprc.ab.ca/about/administration/policies/>

****Note:** all Academic and Administrative policies are available on the same page.

Plagiarism:

Plagiarism means submitting work (words, ideas, images, or data) in a course as if it were their own work done expressly for that particular course when, in fact, it is not. Most commonly, plagiarism exists when:

- the work submitted or presented was done, in whole or in part, by an individual other than the student (this includes having another person impersonate the student or otherwise substitute the work of another for their own in an assignment, examination, or test)
- Parts of a student's work are taken from another source without reference to the original author. This includes ideas, words, and images appearing in print, digital, graphical, internet, audio and video formats

- students submit or present the work in one course which has also been submitted in another course (although it may be completely original with the student) without the prior agreement of the instructor
- Clinical or laboratory reports are falsified or fabricated.

While it is recognized that academic work often involves reference to ideas, data and conclusions of others, intellectual honesty requires that such references be explicitly and clearly noted.

Instructors may choose to use online plagiarism detection services. When students submit a paper, it is understood that they are consenting to such a procedure and that they cannot claim any copyright violation should such paper be uploaded to an online plagiarism detection database.

Cheating:

Cheating on tests or examinations includes, but is not limited to, the following:

- dishonest or attempted dishonest conduct such as **speaking to other students or communicating with them under any circumstances whatsoever**
- bringing into the examination room a textbook, notebook, memorandum, other written material or mechanical or electronic device not authorized by the examiner or instructor
- writing an examination, or part of it, outside the confines of the examination room without permission to do so
- consulting any person or materials outside the confines of the examination room without permission to do so
- leaving answer papers exposed to view, or any attempts to read other students' examination papers
- tampering or attempts to tamper with examination scripts, class work, grades and/or class records; the acquisition, attempted acquisition, possession, and/or distribution of examination materials or information not authorized by the instructor
- Impersonation of another student in an examination or other class assignment.
- **Absolutely no examination materials may be removed from the examination room.** All papers, answer forms and examination question sheets must be returned to the instructor. If students leave the examination room for any reason unacceptable to the instructor, they must hand in all examination materials and it will be assumed that the examination is completed.

If students voluntarily and consciously aid another student in the commission of one of these offenses they are also guilty of misconduct. Any attempt to commit academic misconduct will bear the same consequences as if the act occurred. A student who assists another student in an act or attempted act of misconduct will also be considered to have committed an offense.

Please note, working in study groups is an efficient and effective way for students to learn, however; each student **must** submit his/her own original work. Duplication of one assignment for the whole group is considered plagiarism and will result in a grade of zero for all students involved.
