TEXTBOOK:

Weygandt, Kieso and Trenholm, Accounting Principles (Vol. 2), Canadian Edition, Wiley, 1999. The textbook will be used extensively, on a daily basis.

Kdjonova@gprc.ab.ca

TRANSFERABILITY:

The combination of BA 1110 and 1120 is transferable to a number of colleges in Alberta. The combination of courses is also transferable to the Universities of Alberta, Calgary and Lethbridge as a single introductory accounting course. Athabasca University will accept the combination as a single introductory course, and will also accept both courses as part of the block transfer of 60 credits to it Bachelor of Administration degree. Check with the Registrar's office for further details.

PREREQUISITE:

BA 1110, or equivalent

COURSE

DESCRIPTION:

This course provides further examination of accounting procedures and their underlying concepts and principles. Additional standards and problems of valuation, income measurement, and disclosure in financial statements are introduced.

COURSE

OBJECTIVES:

To develop an ability to analyze, record, and report financial transactions in basic accounting format.

INSTRUCTIONAL APPROACH:

For each topic listed on the attached schedule, there will be a classroom discussion and a demonstration of related accounting procedures. The instructor will assign relevant textbook readings and problems, administer quizzes, review key topics prior to examination dates, and test your understanding and application of course material in three written examinations.

Regular classroom attendance is expected. You should study each assigned reading both before and after it is discussed in class; apply your understanding by working the required homework problems; ask questions in class (especially if you are confused about any aspect of the subject being covered); and request additional sessions with your instructor during the posted office hours to clear up any misunderstandings about material completed in class.

THIS IS A TIME-CONSUMING COURSE. PLAN YOUR SCHEDULE ACCORDINGLY. Try not to fall behind in the assigned readings and problems because it is usually difficult to catch up.

GRADING:

Participation:	5%
Hand In Assignments and quizzes	20%
Major Examination I	20%
Major Examination II	20%
Final Examination (Cumulative)	35%

Grande Prairie Regional College uses the following nine point grading scale:

Excellent	90-100%	9
	80-89	8
Good	72- 79	7
	65-71	6
Pass	57- 64	5
	50-56	4
Fail	40-49	3
	26-44	2
	0-25	1

COURSE CONTENT:

Text chapters 11 through 19. Problems and cases from the text will be assigned. Rated materials from other sources will be distributed during the term.

An understanding of the accounting process within organizations is integral to a well-rounded program of business studies. This understanding will be useful in any career option that you choose and can serve as an academic base for further studies in accounting. "Accounting is the language of business."

POLICIES:

Assignments will be due at the beginning of class on the due date.

Quizzes and examinations must be written at the assigned times.

The Registrar will schedule the final examination during the period Monday April 15, 2002 to Wednesday April 24, 2002. DO NOT PLAN ANY ACTIVITIES DURING THIS PERIOD!!
